

For Your Information

Dear Parent/Guardian,

The Department of Education has made changes to the policy on the documentation of students on Special Education Plans (SEP). The changes initiated by the department will result in your child no longer requiring an SEP.

Those students who do not require significant individual support will continue to be supported through consultation between the resource team and classroom teacher(s). **These changes will not affect the support your child receives.** It is just a change in the documentation. Teachers will continue to receive information about your child's specific needs and in-service on how to meet the needs of each child in their classroom.

As the province no longer requires that an electronic SEP be completed for your child, you will no longer be receiving a paper copy to be signed and returned. If you have any questions regarding your child's program, please give me a call at **832-6110** or we will be available during Parent Teacher Interviews on November 4th (4:30-7:30pm) and 5th (9-11:30am).

Sincerely;
